

NEW PLAYER IN THE COLLECTIVE

Meet Stéphane Schmidely

Full-stack developer · CEO at KOVELEO

**Most founders don't
go looking for a
collective**
Stéphane did

HIS WORK

At the keyboard

10+ years full-stack. Founder and CEO of KOVELEO

He builds tech for startups and scale-ups, from first line to go-live

Design, build, scale, and own the result. No handoffs

**Building alone
has a ceiling
Of reach, not skill**

Stay independent
stop being isolated
build better

Keep running your own thing.
Never debug the hard part alone again

Off the keyboard

Wood, glass, metal, stone.
Take something raw and shape it by hand

Woodturning

Stained glass

Hammered silver

Same instinct different material

Made to hold

Code or stained glass, the material changes.
The standard never does

Welcome to **n2**

Stéphane didn't join to find clients. He joined to build better, with people who build too

Welcome aboard, Stéphane.
